February 18, 2010

Dear Corporate or Community Partner:

On behalf of the Society of Hispanic Professional Engineers – Texas Bay Area Professional Chapter (SHPE-TBAC), I invite you to participate in our **7th Annual SHPE-TBAC Scholarship Golf Tournament**, to be held on Saturday, May 8, 2010, at Clear Creek Golf Club, located inside Tom Bass Park at 3902 Fellows Road, Houston, Texas 77047.

SHPE-TBAC is a 501(c)(3) non-profit organization established in 1988 covering the southeastern region of Houston, with membership and activities reaching as far away as Beaumont and Brownsville, Texas. We are part of the larger national SHPE, Inc. organization, whose stated goal is to be “The Source for Quality Hispanic Engineers and Technical Talent”. Locally, our chapter’s members strive to be role models to the greater Hispanic community by promoting to elementary, middle and high-school students the rewards that accompany a career in the Engineering, Math or Science fields.

One of our largest ways of giving back to the community is through our annual scholarship program. Each year, our chapter awards several scholarships (\$1,000 each) to deserving Houston-area Hispanic students pursuing a college degree in Engineering, Math or Science. Provided that the student receives passing grades and actively continues toward his/her technical degree, the student can apply for and receive our scholarship each year of their college career.

We depend on the generous support of our corporate and community partners in order to maintain and grow our scholarship fund, as well as to provide for materials and supplies for the various student activities we conduct throughout the year. We appreciate any level of support you, your company or organization can provide to help us meet our goals.

If you have any questions regarding the golf tournament, scholarship fund, or our outreach activities in general, please do not hesitate to contact me at (281) 723-9018, or via email at shpetbac@yahoo.com.

Sincerely,

Julio Cabrera

Golf Tournament Chair
